RE: Water Treatment, MAPO Bid No. 2008-159

Neal Lewis:

Dimmitt Sulfur Products would like to renew the Sodium Bisulfite contract for 2010. Because raw materials pricing has been reduced since the original bid, Dimmitt Sulfur Product will be able to reduce the pricing of Sodium Bisulfite to \$1.08/gallon del (\$195.00/ton del).

If you have any questions give me a call.

Thanks,
